

MX-1224V-CL

Electric Strike

The MICROAXS MX-1224V-CL Electric Strike is a Centerline Latch Entry strike designed for use with Cylindrical lockset with up to 5/8" (15mm) throw latchbolts. The compact low profile design with an internally mounted solenoid and factory supplied mounting tabs enable quick and easy installation where jamb space is limited. The heavy duty construction makes the 25 Series ideal for high traffic installations.

Features

- All stainless steel parts with durable diecast body for corrosion resistance
- Fail-Secure, reversible for failsafe operation
- For 1/2" latch or 5/8" latch with 1/8" door gap
- Latch status output
- Non-handed, reversible
- 630 Stainless steel standard finish
